ZA4000 series Polarized Zeeman Atomic Absorption Spectrophotometer

APPLICATIONS AND PROSPECTIVE CUSTOMERS

The recommended applications and prospective customers for the ZA4000 series are as listed below.

Environmental protection	:	River water, sea water, industrial wastewater, atmospheric dust, etc.
Petrochemical industry	:	Plastics, oil products, etc.
Metal industry, metallurgy	:	Iron & steel, nonferrous metals, alloys, ores, etc.
Non-metal industry	:	Fibers, paper, cement, cosmetics, etc.
Food industry	:	Foodstuffs, food additives, etc.
Agriculture and fisheries	:	Animals, plants, fishes, soil, fertilizers, etc.
Battery industry	:	Lithium-ion battery, etc.

Hitachi High-Tech Science Corporation
